

## Student's Right to Conduct University Business Non-Electronically

It is a student's choice whether to do business electronically with the Pennsylvania State University ("University") through LionPATH, the University's student portal. LionPATH provides University students with secure, real-time access to their academic and financial information. If you have not yet agreed to do business with the University electronically, you will be presented with the option to do so the next time you log into [LionPATH](#).

If you choose not to agree to do business with the University electronically, you cannot use LionPATH to access your academic and financial information. Instead, you must visit or contact the University during normal business hours to conduct business. Below is contact information for select University offices, as well as a sampling of the services each office provides. You may locate contact information for other University offices using the [Penn State Department Directory](#).

Please note that choosing not to do business with the University electronically will not impact the University's official mode of communication with you, which remains through the University provided e-mail account. University communications will continue to be routed to your e-mail address, and you will be responsible for all academic and administrative timelines provided to you in this format.

### Undergraduate Admissions

---
